

WHAT YOU SHOULD EXPECT WHEN YOU CHOOSE **DODGE MECHANICAL** FOR YOUR HOME AND/OR BUSINESS HEATING AND COOLING NEEDS:

- ◆ **We are independently owned and operated** with over 40 years of experience serving the surrounding area. Dodge Mechanical's team has built a reputation as a company providing the highest quality products and services.
- ◆ **Our customers are paramount.** The team at Dodge Mechanical is available 24 hours a day, 365 days a year to assure our customers they will be provided fast, courteous services in an emergency.
- ◆ **We consider the health and safety of our customers one of our top priorities.** It is our company policy to follow state and federal guidelines. Our employees are provided facemasks and hand sanitizer.
- ◆ **We offer only the best equipment and materials from reputable manufacturers.** Our equipment meets or exceeds AHRI specifications. The warranties provided by these manufacturers are the best available. Dodge Mechanical will also handle the warranty registration so you can be confident you will be covered.
- ◆ **We are Heating and Cooling Specialists focused on providing you a comfortable home year round.** Whether this is a new installation or a replacement of your current system, we will look into all possible options to insure your comfort.
- ◆ **Our employees are factory trained and certified in order to provide the highest quality workmanship.** All Dodge Mechanical employees are experienced, courteous, background checked, and drug free. You can rest assured when we are in your home or business.
- ◆ **Dodge Mechanical follows Standards and Guidelines developed for our industry.** Our standards have been set in place by ACCA and ASHRAE.
- ◆ **We specialize in offering the highest energy-efficient systems available.** Though sometimes energy wasting problems can't be solved by equipment alone. Even with the most energy-efficient system in your home, there can be hidden problems that will continually waste energy, which can lead to hundreds, even thousands of dollars wasted overtime. At Dodge Mechanical, we take pride into looking at every aspect of the job that will affect the overall efficiency and energy usage. We will make energy recommendations if needed if we see something that should be corrected. Our energy practices are designed with your investment in mind.
- ◆ **We stand behind our work with lifetime workmanship guarantee for as long as you own your home.** Not only do we warranty our workmanship, but also parts are warranted as per manufacturer's warranty or one year from installation, whichever is longer.

Dodge Mechanical will process or assist in the processing of the warranty for all that goes into your heating and air conditioning system.

- ◆ **As an environmentally friendly business**, we reclaim and recycle refrigerants as per EPA regulations section 608 of the National Clean Air Act. All old equipment is dismantled and recycled accordingly. Dodge Mechanical offers high-quality systems that operate with environmentally friendly refrigerants.
- ◆ **We come highly recommended** and have maintained an A rating with Angie's List since our inception. References are available for all the services we provide.
